Fertility Treatment Services

(All actual treatments are undertaken at the Lister Hospital Fertility Unit, London. This is a HFEA registered unit)

IVF (*excludes medication, screening tests, hormone tests, additional services*) 3850

Blastocyst will be charged through the Lister Hospital

ICSI (*in addition to IVF fee*) 1390

IMSI (*in addition to IVF fee*) 1855

Egg Freezing cycle including first year's storage (*excludes medication, screening tests, hormone tests, additional services*). **Annual storage fee will be billed by the Lister Hospital** 3750

IVF/ICSI/Egg Freezing Abandonment Fee 1500
Although rare, in the event that an IVF/ICSI/Egg Freezing cycle is abandoned prior to egg collection, a charge will be raised to cover treatment up until the point of egg collection. If an egg collection procedure is undertaken we regret that no refund from the IVF/ICSI/Egg Freezing fee will be made.

IUI Partners sperm (*excludes medication, screening tests*) 1013
Partners sperm 1050

Donor sperm - This does not include the purchase cost of donor sperm. This will be between the patient and the company it has been obtained from.

Fees from 1 August 2020

(Please note, prices subject to change without prior notification)

TPC Price List Fert 08 20

POUNDBURY FERTILITY

Frozen Embryo Transfer (FET) (<i>excludes medication, screening tests, blastocyst culture, etc</i>)	£ 1650
IUI/FET Abandonment Fee <i>Although rare, in the event that an IUI or FET cycle is abandoned prior to insemination/embryo transfer, a charge will be raised to cover treatment up until the point of cancellation.</i>	350
In the event of an unsuccessful treatment cycle (IVF, ICSI, IUI or FET) a consultation to discuss the cycle and future options will carry no charge if held within three months of the date of egg collection, insemination or embryo transfer.	
Poundbury Overseas Egg Donation Supervision (<i>includes cycle monitoring scans, coordination with overseas centre per cycle</i>)	600
Overseas egg donation treatment services will be charged directly by the overseas clinic at their current prices.	
Treatment cycle endometrial/follicle scan (non-TPC patients only)	120
Disposal of Sharps Boxes (<i>should you elect not to purchase medication through Poundbury Fertility's homecare delivery service</i>).	30

Once treatment recommended by your Consultant, you will have the opportunity to discuss the treatment fees with our Fertility Nurse to gain an indication of expected overall fees.

Additional services

such as blastocyst culture, cryopreservation (freezing), storage of embryos/eggs, use of donor sperm, etc, will be charged directly by Lister Fertility Clinic – current prices are available at: www.ivf.org.uk/prices

Pathology at The Poundbury Clinic

Prices of individual tests are available on application. Prices will be discussed at consultation or with our nurse prior to any tests being undertaken.

A £25 phlebotomy fee is payable in addition to any charge for pathology tests. This is a single fee, regardless of how many tests are required on any one day. This may vary at different units.

Fees from 1 August 2020

(Please note, prices subject to change without prior notification)
